### Criminal Sought

Mr. Jeff Rand is being sought by Pennsylvania state authorities in connection with the theft of several items from the Westmoreland-Fayette Council of the BSA. Items taken include a popcorn popper, a small cannon, and several reams of copier paper.

Mr. Rand has also been implicated in the theft and subsequent destruction of several pounds of fried chicken intended to feed the needy.

### Pole Project Scandal

Rand has been very busy this weekette. His latest fiasco is the acquisition of several hundred pounds of pioneering poles. During the pole hunt, Mr. Rand was frequently heard to say, 'That will make a good X.' Interestingly, the completed pioneering project includes not a single X. Damages to the vehicle which hauled the excessive amount of lumber have not been estimated, but have been described as 'extensive' by an adjuster from the Rand-Daha insurance agency.

### Snake Hockey Violence

During yesterday's exciting game of Snake Hockey, Mr. Rand was cited several times for excessive violence. In a typical incident Mr. Rand (in his usual sneaky fashion) pushed Roger Horn into the groin of another player. Needless to say, the second player, Steve Donohue was unable to continue play. The Commissioner of the WCSHL has announced that Mr. Rand will be suspended for the next five games, and may be charged with criminal assault.

A review of the Latrine Contest has revealed that Mr. Rand is the most frequent user of the latrine. Since the latrine is used to dispose of waste products from eating, it seems likely that Mr. Rand is also the biggest eater. For all this food to be 'wasted' (made into waste) is a crime. For the record, it should be noted that Mr. Rand prides himself on defecating after each meal. This event, which he refers to as the 'mealy shit', is perhaps the greatest source of waste in Winter Camp.

### Goals Questioned

The Republic has discovered evidence that the goals of Winter Camp have long been misrepresented. Although most members had thought the goal was fun, fellowship, and camping, recent disclosures by a high-ranking government official may shed some light on the true goal of Winter Camp. Our source, who refused to allow us to divulge his identity, tells us that the true goal of Winter Camp is the 'unilateral veneration of Jeff Rand.' This statement stunned reporters here at The Republic, and they initially refused to accept it. The official pointed out numerous examples of Rand's impending deification, and we here at The Republic were forced to agree with his statements.

### Profiteering Uncovered

The Republic has recently uncovered another interesting fact about Jeff Rand, former leader of the political machine commonly referred to as the ROWDA-5. According to financial records, Mr. Rand has taken steps to insure that every Winter Camp he had control of turned a profit. These funds are currently missing, as they have never been used to bankroll subsequent Winter Camps. In the words of Doug Wilson, former Scoutmaster of Troop 842, 'Where did all the money go?' That's what we at The Republic want to know. Well Jeff, any explanation?
